

Consolle da bagno con struttura in metallo e piano d'appoggio curvato realizzato in LG HI-MACS®.

Alle linee morbide del piano viene accostato un elemento dalle forme più squadrate con funzione di sedia portaoggetti e porta salviette, unitamente ad un elemento che funge da porta oggetti.

A mobile element, which combines toilet brush, paper holder and towel rail, joins the bathroom console with integrated seating. The modulo 113- series is made of white lacquered metal, the table leaf with its softly rounded top is made of water resistant LG HI-MACS®.
